The **Premium Benefits** of **not just one**, but **three essential Omega Oils**

Decades of research have shown that **Omega oils**, also known as **fatty acids**, are an important part of human nutrition, **supporting various aspects of the body's processes.**

Essential fatty acids have shown to support heart health and brain health, **making them an important part of the human diet.**

Humans used to secure fatty acid intake through regular diet, but today **fatty acid** intake has fallen.

So we formulated **Max 3-5-7** for you to supplement these important **Omega Oils** that may **be absent in many peoples' lives.**

MAX3·5·7™

ARCTIC COD OMEGA BLEND

Reclaim these important natural oils with **Max357's** proprietary blend of three kinds of **Omega oils - Omega 3, Omega 5, and Omega 7.**

Our **proprietary 3-5-7 blend** has been specially designed to support the upkeep of your **body and mind** by offering a **combination of Omega rich fish oils that complement each other** in providing your body the resources it requires to function as well as it should.

An exclusive blend of essential Omega oils 3, 5 and 7 means more benefits for your body

Give your **body the blend that's best for the benefits it deserves.**

Omega 3

- Supports **heart, brain, and eye health**
- **Assists in the maintenance** of healthy skin, hair, and nails

Omega 5

- Strong **Antioxidant Benefits**
- Assists in maintaining **Digestive Health**

Omega 7

- Supports **healthy skin, hair, and nails**

Our **Premium Source** provides **Premium Quality**

Max357 uses **Norwegian cod oil** for its **Omega 3** fatty acids content - the largest and most sustainable fish stock in any ocean and considered one of the best resources of **pure Omega 3.**

The fishery we use for **Max357** is recognized by the **Marine Stewardship Council (MSC)** as a company/fishery that obtains its fish in a sustainable way, minimizes any environmental impact, and adheres to all international regulations.
